Maintenance schedule

0187 - F 650 CS

00 00 131 BMW Inspection with Annual Inspection (see Maintenance Schedule) (annually, every 20,000 km)

Equipment trim-level variant:
0524 - Anti-lock braking system (ABS)

Reading fault-code memories with the BMW Motorrad diagnostic system		☐
Changing engine oil (engine and oil tank) and oil filter element		☐
Greasing rubber grommets for cover insert		☐
Checking coolant level		☐
17 00 505 Change coolant in system (maintenance) ***)**	**every four years**	☐
Checking valve clearance		☐
Draining intake air silencer		☐
Replacing air filter element		☐
16 12 525 Replace the fuel filter (during maintenance) ***)**	**every 40,000 km**	☐
Checking battery acid level		☐
Cleaning and greasing battery terminals		☐
Checking clutch play		☐
Checking front brake pads for wear		☐
Checking front brake disc for wear		☐
Checking rear brake pads for wear		☐
Checking rear brake disc for wear		☐
Checking front brake fluid level		☐
Checking brake-fluid level, rear brake		☐
Testing brake system and checking for leaks		☐
32 72 510 Installing repair kit, piston for handbrake fitting (without bleeding) ***)**	**every 40,000 km**	☐
34 31 536 Installing piston repair kit in footbrake cylinder (without bleeding) ***)**	**every 40,000 km**	☐
34 00 548 Changing brake fluid, front brakes ***)**	**every two years**	☐

34 00 549 Changing brake fluid, rear brakes ***)**	**every two years**	☐
27 72 550 Replacing toothed belt with judder damper (for maintenance) ***)**	**every 40,000 km**	☐
Checking toothed belt		☐
Checking belt pulley and belt pinion		☐
Checking belt tension		☐
Checking steering head bearing play		☐
Checking operation of side-stand switch		☐
Lubricating side stand		☐
Checking specified torque of threaded fasteners with torque wrench: engine / engine carrier / frame and cylinder head / main frame		☐
Checking specified torque of threaded fasteners with torque wrench: main frame and rear frame		☐
Checking specified torque of threaded fasteners with torque wrench: eccentric clamp		☐
Checking specified torque of threaded fasteners with torque wrench: exhaust system		☐
Checking tyre pressures and tread depth		☐
Checking lights and signalling equipment		☐
Final inspection and function check		☐
Confirming BMW Service in on-board documentation		☐

***) Billed as a separate item**

☐ **not as per the normal schedule**
